

Long Distance Services

Today, there is no shortage of choices when it comes to long distance products and services. **tw telecom** offers specialized long distance business solutions that meet each individual customer's needs. Long distance services are routed over the **tw telecom** fiber-based network and offer our customers the highest levels of reliability. We are conscious of customer's business needs and offer one-bill convenience, one point of contact, and one company to call upon for their telecommunications needs.

Long distance services available from **tw telecom** include:

Outbound (1+ dialing) Service

tw telecom 1+ dialing provides you high quality and competitively priced long distance service domestically and to over 200 countries worldwide.

Operator Services: On call around the clock, our customer care representatives are available to assist you in placing long distance calls.

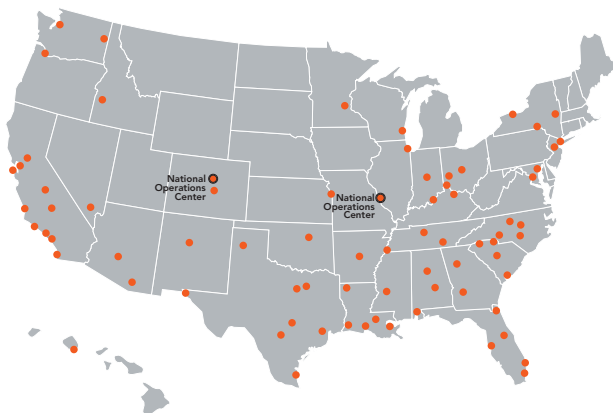

Directory Assistance: Customer care representatives are available 24x7x365 to help locate hard-to-remember or hard-to-find telephone numbers.

Toll Free (8xx) Service

Our exclusive Toll Free service offers you national coverage and competitively priced rates. Available enhanced-routing and screening features ensure call coverage that meets your individual business needs.

Calling Card Service:

tw telecom's calling cards provide access to anyone in North America and over 200 countries world-wide. With our toll free access number, business customers can make local and long distance calls from the U.S., Canada, Puerto Rico and the U.S. Virgin Islands.
